

From a 2-car-to-1... even faster for '51!
The Frazer Vagabond converts in 10 seconds
from 6-passenger sedan to spacious carrier.

The NEW handcrafted 1951

FRAZER

VAGABOND

For you, the active American... sportsman, estate owner or commuter...
here is the new, the 1951, answer to the station wagon... truly a car
built to better the best on the road! An original idea in motor cars by

Kaiser-Frazer, the Frazer Vagabond flexibly fills the needs of all
who require a handsome sedan on one trip and a large-capacity carrier
on the next. For a merchant, farmer, technician or professional man the Vagabond
serves admirable double use in transporting products or the equipment needed
in business. With its new Superseal Engine (Hydra-Matic Drive
optional) at extra cost and handcrafted quality, the 1951 Frazer Vagabond
has the performance and value to make it the year's smartest buy for smart people.
